I have been lucky to work with and donate to the United Way for many years. I feel that watching the outcome of their work in our community has the results I can see in so many lives. Southwest Colorado is a giving community and to actually see these efforts translate into helping the lives of so many, makes it worth it.

BRIGID KORCE

I’ve supported United Way with a small deduction from each paycheck and volunteer because of the equitable and impactful way that United Way funds invest in our nonprofit agencies and the community. I serve on the United Way Board because I am passionate about collaborative community work; we are stronger together and that is what United Way represents to me.

BRANDIE FLANN
BANK OF THE SAN JUANS
United Way of Southwest Colorado is a huge advocate for our communities and a support to nonprofit agencies. By supporting your local United Way you are giving to a trustworthy organization that works diligently to utilize its donor’s funds in the most appropriate way. The Board meets monthly to discuss what is needed and to make decisions that are best for our community. Being a part of this great organization both as a donor and board member is a great privilege and honor and a great way to give back to the community that I call home.
